NON-EXISTENCE OF A BIPLANE (121,16,2) WITH THE AUTOMORPHISM GROUP A_5

by

Slavka Pfaff, Zagreb, Croatia

Abstract. No biplane (121,16,2) has ever been found. It is shown that A_5 cannot operate on such a design.

Mathematics subject classification: 05B05

Keywords: symmetric design, biplane, automorphism group, orbital structure.
